The International Conference on Sustainable Energy and Green Technology 2020 (SEGT 2020) will be held on **13-16 December 2020** in **Ho Chi Minh City, Vietnam**. SEGT 2020 aims to promote research in the field of sustainable energy, green technology, environment and climate change, and facilitate the exchange of new ideas in these fields among academicians, engineers, scientists and practitioners. It includes plenary, keynote & invited speeches, oral presentations & poster sessions on different topics. Accepted full papers will be published in **conference proceedings**. Selected papers will be published in special issue of renowned **ISI-indexed journals** i.e. **International Journal of Hydrogen Energy (Q1; IF 4.084)**, **International Journal of Energy Research (Q1; IF 3.343)**, **Energies (Q2; IF 2.707)**, **Journal of Renewable Materials (Q3; IF 1.427)**, **Fluid Dynamics and Materials Processing (ESCI/EI)**, and **Frontiers in Built Environment (Scopus)**. **Best Presenter Awards** and **Best Poster Awards** will be presented.

Conference Topics

- New and Renewable Energy
- Sustainable Technologies for Energy Conversion
- Energy Storage and Power Engineering
- Energy Management, Policy, Economics and Sustainability
- Energy Sciences
- Environment, Air Quality and Climate Change
- Sustainable Cities, Architecture and Green Buildings
- Green Design, Products and Manufacturing Processes
- Green Materials
- Waste Management and Waste Water Treatment
- Heating, Ventilation and Air Conditioning (HVAC)
- Smart Grid / Smart City / Smart Mobility
- Bioresource and Bioenergy
- Hydrogen Energy and Hydrogen Production * New *

In view of the current COVID-19 situation, the SEGT 2020 Conference Organizing Committee has decided to add a Conference E-Session (Virtual Presentation Session) option to the normal Oral and Poster Sessions. This virtual mode will allow the presenters to conduct Remote Video Presentation if they encounter travel restrictions to participate in this event.
